

## **Aspiring Artists® Interpretive Impressionism® Beginner Series Vincent van Gogh's Sower with Setting Sun Supply List**

The lesson's compositional guide download is formatted to an 8 x10 size for the standard home printer; however, you can adjust the size at your local print shop to fit any size canvas/canvas board. Or, if you prefer, you can freehand a compositional guide from the outline provided. If printing the guide, you can transfer the outline onto canvas/canvas board with carbon paper and a pencil.

We recommend ordering paint, canvas, and brushes from Michael's Arts and Crafts store. Remember to apply any Michael's coupons when ordering.
